

2022 Catalog Insert

To our valued customers

We look forward to serving you again in 2022! In the last 2 years we have all been through things we never expected and have needed to adapt in ways we didn't plan for. We here, have experienced higher volumes of orders, and a few delays which have impacted our order processing. In order to bring better and timely service, we are implementing a few changes.

At this point it looks like we can access seed, although there may be shortages of some varieties, or supplies. We anticipate in the worst case we may need to substitute with other varieties. We have already ordered most of our products, and are hoping they arrive earlier than previous years. Much of it is out of our control, but we will do our best to continue serving you the best that we can! We encourage you to get your order in early.

The Gerrie family and staff

Please note the following changes.

Early order discount:

- changed to January 10

Order Form:

- please mark if and when you would like your early seeds (onions, tomatoes, peppers, broccoli, cabbage, head lettuce etc.) Also specify if you would like Promix with them.
- Please check the box of your choice:
"No substitutes/cancel item" (if the item arrives in time for a later delivery, we will send it then; if your order is otherwise complete the item will be cancelled.)
"May substitute" (We will put in a similar variety).
If not checked we will use our own discretion.

Order Cut off date for March delivery:

- Feb 21 (orders after this will be delivered late Mar and April)
- All add ons after Feb 21 will be a new order with a separate delivery fee.
