

2026

SEEDS & SUPPLIES CATALOGUE

gerriesfarmmarket.ca

Greetings,

2025, another abundant year for most things, although I am sure some of us have also faced challenges. It seems changes are happening constantly with North American and World trade. This has affected the cost of seed to some extent, as it is produced all over the world. We continue to be competitive with our pricing, to keep it as affordable as possible, without compromising quality and service! There are some new varieties, replacing some that are discontinued. We always like to watch for good and improved replacements!

We have been promised in scripture - "As long as the earth remains, there will be planting and harvest, cold and heat, summer and winter, day and night." Genesis 8:22

Wishing you a blessed and bountiful 2026!

The Gerrie family and staff

4 ways to order!

Early order discount:

Jan. 15 for 5% off vegetable and flower seeds.

Order Form:

- Please mark if and when you would like your early seeds (onions, tomatoes, peppers, broccoli, cabbage, head lettuce etc.) Also specify if you would like soils with them.
- Please check the box of your choice:
“No substitutes/cancel item” (if the item arrives in time for a later delivery, we will send it then; if your order is otherwise complete the item will be cancelled.)
“May substitute” (if order is otherwise complete, we will put in a similar variety).

If not checked we will use our own discretion.

Order Cut off date for March delivery:

- Feb 20 (orders after this may be delivered late Mar & April)
- Add on orders after Feb 20 will be a new order with a separate delivery fee.

Invoicing:

- We will send the invoice when the total order is complete. Preferred payments are cheque or e-transfer.

Retail store:

- Our seeds are also available at our location in Elora ON. Pickup orders (preordered and packed) are subject to a handling fee of \$5.95.

Delivery schedule: (approximate dates)

- Early Seeds: Jan. 20 to Feb. 20
- Main seeds, soils, fertilizers etc: Feb. 23 – Mar. 20
- Onion sets, Seed potatoes, late orders: Mar. 23 – Apr. 17
- Berry plants: approximately end of Apr. - early May

DISCLAIMER

Gerrie's Farm Market Inc believes in delivering a quality product to our customers. However, seed and/or plants are live products and depend on many important grower skills including, planting time, seed depth, type of soil, proper use of fertilizers etc, and weather conditions, which are out of our control. By acceptance of our products the buyer agrees not to hold Gerrie's Farm Market Inc responsible. At any time, Gerrie's Farm Market Inc will not be liable for more than the purchase price of the product.

Please note all descriptions and information in this catalog are based on our observations and/or from other sources. Actual yields and characteristics will vary according to weather conditions, soil types, etc.

Safe Seed Pledge

Agriculture and seeds provide the basis upon which our lives depend. We must protect this foundation as a safe and genetically stable source for future generations. For the benefit of all farmers, gardeners and consumers who want an alternative, we pledge that we do not knowingly buy or sell genetically engineered seeds or plants. The mechanical transfer of genetic material outside of natural reproductive methods and between genera, families or kingdoms poses great biological risks, as well as economic, political and cultural threats. We feel that genetically engineered varieties have been insufficiently tested prior to public release. More research and testing is necessary to further assess the potential risks of genetically engineered seeds. Further, we wish to support agricultural progress that leads to healthier soils, genetically diverse agricultural ecosystems and ultimately healthy people and communities.
